Telling your story - Pat McNeess

The American black bear (*Ursus americanus*) is a medium-sized bear native to North America. It is the continent's smallest and most widely distributed bear species. Black bears are omnivores, with their diets varying greatly depending on season and location. They typically live in largely forested areas, but do leave forests in search of food.

A year or two ago, I saw the much-touted science fiction film *Interstellar*, and although the plot wasn't any good, one early scene was quite amusing. For various reasons, the American government of the future claimed that our Moon Landings of the late 1960s had been faked, a trick aimed at winning the Cold War by bankrupting Russia into fruitless space efforts of its own.
