

### **bullying at work how pdf**

Workplace bullying is repeated and unreasonable behaviour directed towards a worker or group of workers that creates a risk to health and safety.. It is a risk to health and safety because it may affect the mental and physical health of workers. Taking steps to prevent it from occurring and responding quickly if it does is the best way to deal with workplace bullying.

Workplace bullying is a persistent pattern of mistreatment from others in the workplace that causes either physical or emotional harm. It can include such tactics as verbal, nonverbal, psychological, physical abuse and humiliation. This type of workplace aggression is particularly difficult because, unlike the typical school bully, workplace bullies often operate within the established rules ...

Bullying is the use of force, threat, or coercion to abuse, intimidate or aggressively dominate others. The behavior is often repeated and habitual. One essential prerequisite is the perception, by the bully or by others, of an imbalance of social or physical power, which distinguishes bullying from conflict. Behaviors used to assert such domination can include verbal harassment or threat ...

It is worth noticing, then, from the start, that 'Made in God's Image' proposes a notion of bullying which puts excluding in the first place, as opposed to unwanted behaviour, and ignores the question of power imbalance. According to 'Made in God's Image', when someone weak wishes to dissociate himself from a person or group which is strong, the weak person is bullying the strong one.
