

civilizations of the world pdf

The intricate culture associated with civilization has a tendency to spread to and influence other cultures, sometimes assimilating them into the civilization (a classic example being Chinese civilization and its influence on nearby civilizations such as Korea, Japan and Vietnam). Many civilizations are actually large cultural spheres containing many nations and regions.

Civilization - Wikipedia

The target age of this title is 8–12 years old. Section titles will include major groups of people or substantial empires in ancient times. The print version will focus only on answering a specific series of questions about selected civilizations.

Wikijunior:Ancient Civilizations - Wikibooks, open books

A cradle of civilization is a location where civilization is understood to have emerged. Current thinking is that there was no single "cradle", but several civilizations that developed independently, with the Fertile Crescent (Mesopotamia and Ancient Egypt) understood to be the earliest. Other civilizations arose in Asia among cultures situated along large river valleys, such as the Indo ...
