The word "science" is used frequently in an attempt to lend credibility to the beliefs of karma and Vedic astrology. The devas are believed to control nature, weather, other natural processes and even override our thoughts and control our minds to make us think certain things in order to deliver karma we ordered in the past.

Karma is a Sanskrit word that primarily means 'action' but for South Asian Religions (and Philosophy) it is not limited to that as the term has gained various meanings and connotations over time. The term karma connects actions and results. Good and bad happenings experienced in this life are aggregate results of deeds in this and previous lives.
