103 Analytical method validation, constitutes this working document. 104 105 The following is an overview on the appendices that are intended to complement the general text

GUIDELINES ON VALIDATION APPENDIX 4 ANALYTICAL METHOD

D. Calibration of Instrumental Methods
• Calibration: “ Standards are used to verify the relationship between the analytical response (signal) and the analyte concentration. ”
• Determines proper operation of the instrument.
• Standardization: “ Establishes the relationship between signal and analyte

concentration.

CHAPTER 1 INTRODUCTION - SUNY Oswego

Validation of Analytical Procedures: Text - Testing for impurities can be either a quantitative test or a limit test for the impurity in a sample.
