As a brilliant survey of English literature in terms of changing attitudes towards country and city, Williams'
highly-acclaimed study reveals the shifting images and associations between these two traditional poles of
life throughout the major developmental periods of English culture.

Countries and Capitals - GK Notes in PDF - Testbook Blog

Discussion of the country and the city. In *The Country and the City*, Raymond Williams analyzes images of the country and the city in English literature since the 16th century, and how these images become central symbols for conceptualizing the social and economic changes associated with capitalist development in England. Williams debunks the notion of rural life as simple, natural, and unadulterated, leaving an image of the country as a Golden age.
