Finally, and perhaps most consequentially, 2018 was the year that tech companies lost the benefit of the doubt from governments. This was a result of a growing body of investigations, academic research and enterprise reporting detailing the ways in which social platforms have been used to undermine democracy.

Journalism ethics and standards comprise principles of ethics and of good practice as applicable to the specific challenges faced by journalists. This subset of media ethics is widely known to journalists as their professional "code of ethics" or the "canons of journalism". The basic codes and canons commonly appear in statements drafted by both professional journalism associations and ...

New Journalism is a style of news writing and journalism, developed in the 1960s and 1970s, which uses literary techniques deemed unconventional at the time. It is characterized by a subjective perspective, a literary style reminiscent of long-form non-fiction and emphasizing "truth" over "facts", and intensive reportage in which reporters immersed themselves in the stories as they reported and ...
