The vast majority of pausal forms stand at the end of a clause. The remainder (some 15) stand within a clause in equally standardized positions, mostly at the main division of the clause as marked by the accents. Consequently, it should be agreed that the occurrence of pausal forms is determined by the syntactic/semantic units making up the text.

The Occurrence of Pausal Forms, Journal of Semitic Studies

by Raymond de Hoop This paper is a sample edition of a possible polyglot text-edition of the book of Jeremiah in which the most obvious differences between the traditions are shown, whereas the delimitation of the text at a macro- and micro level are shown.
