Philosophy has almost as many definitions as there have been philosophers, both as a subject matter and an activity, and no simple definition can do it justice. The issue of the definition of philosophy is thus a controversial subject that is nowadays tackled by Metaphilosophy (or the philosophy of philosophy). The word is derived from the ancient Greek words philo-, to love or to befriend ...

Creativity is a phenomenon whereby something new and somehow valuable is formed. The created item may be intangible (such as an idea, a scientific theory, a musical composition, or a joke) or a physical object (such as an invention, a literary work, or a painting).. Scholarly interest in creativity is found in a number of disciplines, primarily psychology, business studies, and cognitive ...
