A handbook is a type of reference work, or other collection of instructions, that is intended to provide ready reference. The term originally applied to a small or portable book containing information useful for its owner, but the Oxford English Dictionary defines the current sense as "any book...giving information such as facts on a particular subject, guidance in some art or occupation ...

A space heater is a device used to heat a single, small area. In contrast, central heating is used to heat many connected areas, such as all the rooms in a house. Space heaters are powered either by electricity or by a burnable fuel like natural gas, propane, fuel oil, or wood pellets. Portable space heaters are usually electric because a permanent exhaust is needed for heaters that burn a fuel.
