Event management is the application of project management to the creation and development of large-scale events such as festivals, conferences, ceremonies, weddings, formal parties, concerts, or conventions. It involves studying the brand, identifying its target audience, devising the event concept, and coordinating the technical aspects before actually launching the event.

The early 1990s marked the advent of online diary planners. On the face of it, it seems that people who must attend countless meetings are the ones who need online diary planners the most. However, actual trends show that those who are in the habit of recording and chronicling their activities all the time are the real takers and users of online diary planners.
