

the science of political pdf

Political science is a social science which deals with systems of governance, and the analysis of political activities, political thoughts, and political behavior. It deals extensively with the theory and practice of politics which is commonly thought of as determining of the distribution of power and resources. Political scientists "see themselves engaged in revealing the relationships ...

Political science - Wikipedia

Subfields of political science include international relations, comparative politics, public law, and political theory. Each subfield tends to overlap with other academic disciplines, such as history, philosophy, law, sociology, and anthropology.
