Department of Psychology - Department of Psychology

Biological psychology or behavioral neuroscience is the scientific study of the biological bases of behavior and mental processes. Biological psychologists view all behavior as dependent on the nervous system, and study the neural basis for behavior. This is the approach taken in behavioral neuroscience, cognitive neuroscience, and neuropsychology. ...

Basic science (psychology) - Wikipedia

Psychology is the science of behavior and mind, including conscious and unconscious phenomena, as well as feeling and thought. It is an academic discipline of immense scope and diverse interests that, when taken together, seek an understanding of the emergent properties of brains, and all the variety of epiphenomena they manifest. As a social science it aims to understand individuals and groups ...
